

CONSTRUCTION & ENVIRONMENTAL CONSULTANTS

Coverage highlights

Environmental and construction consultants are often hired to provide their unique expertise on a specific aspect of a construction project. Their impact, whether rendering urban planning services for a local government or performing an environmental impact inspection, becomes high profile when an issue arises with their design or assessment.

Target markets

- Construction managers
- Biologists
- Archaeologists
- Interior designers
- Ecologists
- Geologists
- Elevator consultants
- Sprinkler designers
- Telecommunication consultants
- LEED consultants
- Instrumentation control engineers
- Facilities managers
- And many more

Program highlights

- Availability: In all 50 states, D.C. and U.S. territories
- Minimum premium: \$1,000
- Limit: Up to \$20 million
- Coverage: Admitted with an A rated carrier

Coverage options

- Professional liability
- Management liability

Coverage

- International coverage
- One of the broadest professional liability forms in the industry
- Multi-year policies available for eligible small accounts
- Broad coverage for pollution, asbestos and equity interests
- Extended reporting period death or disability coverage for no additional charge
- Rectification expense coverage for a design defect caused by professional services
- No hammer clause
