

# ProWriters cyber solution highlights

## Cyber insurance simplified.

In today's digital era, businesses face cyber risks like ransomware attacks and data breaches, leading to operational disruptions and financial losses. Cyber insurance is crucial to mitigate these risks, providing peace of mind for businesses — large or small.

ProWriters Digital IQ platform simplifies the process by allowing brokers to quote and compare multiple cyber policies from top carriers in seconds. With a dynamic coverage comparison sheet provided with each quote, brokers can quickly review coverage options and determine which policy fits their client's needs while offering the most competitive premium.

## ProWriters benefits

- Multiple quotes from top carriers in seconds
- Access to 60-plus cyber markets
- Admitted and non-admitted options
- Competitive commissions
- Surplus lines licenses in every state, so we can collect and file taxes for you
- Personalized training and support for brokers/agents
- Business interruption and contingent business interruption (IT and non-IT vendors)
- Legal fees, settlements, and judgments
- Regulatory defense, fines, and penalties
- Cyber risk management tools and services

## Program highlights

- Available in all 50 states and D.C.
- Revenues of all sizes — from startups to multi-million-dollar businesses.
- Cyber insurance typically covers both first-party (direct costs the insured incurs due to an incident) and third-party liability (defense and indemnity payments).

Depending on the policy, coverage may include:

- Breach response (IT forensics, notification, credit monitoring, crisis management, PR)
- Data recovery and restoration
- Ransom and extortion demands
- Cyber business interruption (dependent, system failure, IT, and non-IT)
- Cybercrime (social engineering, funds transfer, invoice manipulation, impersonation)

## Cyber U

Whether you're a seasoned cyber agent or simply curious about helping to protect your client's digital assets, Cyber U equips you with the knowledge and confidence to navigate this ever-evolving landscape. Review and share informative, bite-sized videos on a variety of topics including:

- Ransomware
- Cybercrime
- First-party coverage
- Cyber preventative tools
- Executive liability
- Technology errors and omissions (E&O)

And to help your insureds better understand their specific cyber risk, Cyber U has a variety of videos geared towards contractors, real estate firms, financial services, manufacturers, retail, non-profit organizations, and more.

## Testimonial

"ProWriters has taken the cyber quoting process to a completely new level. It took days with my old broker to get a quote. Now I can quote on the fly and have a bindable quote within one hour. The comparison report is key to selecting the correct policy for the client. It is not all about price. Angelina is amazing and is always available for questions or advice."
